B. NEW BUSINESS

   Review and discuss audit process

   Engagement Partner Rosalva Flores, Engagement Co-Partner Ashley Casey, and
   Engagement Manager Colin Lo presented Brown Armstrong’s objectives, strategy, areas
   of focus, the planned approach to the annual financial audit, and the audit reports that will
   be issued. This year, Brown Armstrong will conduct a more detailed review of highest
   average compensation calculations for new retirees. They noted that the Government
   Accounting Standards Board (GASB) is considering approval of a one-year delay for
   standards that were scheduled for implementation this year. A review of the results from
   MCERA’s independent cybersecurity assessment will also be included in the scope of the
   audit if they are available prior to audit completion.

2. 2020 Audit Schedule - Rosalva Flores, Brown Armstrong
   Review and discuss schedule of audit activities for 2020

   The audit schedule begins with a planning stage that leads into interim field work during
   July. By mid-August final field work planning is completed and the auditors typically
   conduct final field work onsite. During final field work MCERA’s books are closed and
   final values are released to the actuary to compose GASB 67/68 reports. The audit wrap-
   up phase begins in September and includes a meeting with the Audit Committee and staff,
   currently scheduled for October. After draft reports are issued and input is provided, the
   auditor develops clean draft financials and begins the process of getting information from
   the actuary. These results would be presented to the Audit Committee for review prior to
   final presentation of the financials to the Board in December.

   Trustee Block raised a concern about delays in real estate appraisals and the impact of
   prior valuations being rolled forward to the next measurement date. Ms. Flores said the
   auditors perform internal analytics to determine whether the value presented by any
   manager is reasonable with market conditions. They also plan to revise their investment
   manager confirmations asking for more information from the real estate managers in light
   of the current situation. Ms. Flores further noted that disclosure templates are available to
   use when there are major market declines. Trustee Block asked whether a change in the
   fiscal year end date would eliminate reporting delays. Mr. Wickman explained that due to
   the timing of certain portfolio valuations, there would always be a delay regardless of
   whether the fiscal year ended in June or December. Ms. Flores said that Brown Armstrong
   tracks concerns regarding the timing of valuations and that these delays are common.
   Trustee Block inquired whether the state has considered delaying deadlines. Ms. Flores is
   not aware of any such plans by the state. Mr. Wickman noted that due to the current
   shelter in place and social distancing requirements MCERA was exploring how Brown
   Armstrong could use remote access to conduct the work they would have previously
   completed on site. Ms. Flores indicated that other clients are considering similar steps.
3. **Future Meetings**
   Consider possible agenda topics for future meetings

   No topics were presented.

There being no further business, Chair Gladstern adjourned the meeting at 11:50 a.m.
