B. MATTERS OF GENERAL INTEREST

1. Annual Cost of Living Adjustment (COLA) (ACTION)

Retirement Administrator Jeff Wickman stated the Board's action is to affirm the Actuary's calculation of the annual Cost of Living Adjustment (COLA) for retirees as of April 1, 2022. Mr. Wickman stated that the ability for a retiree to receive a Cost of Living Adjustment (COLA) is part of the benefit tier agreed to between the employers and their employees under Sections 31870, 31870.1 or 31874.2 of the County Employees Retirement Law of 1937 (CERL).

Graham Schmidt, Actuary with Cheiron, stated the COLA is calculated by averaging the prior two calendar year increases in the Consumer Price Index (CPI) for the San Francisco-Oakland-Hayward area. This annual increase in the CPI was 5.62%, which is rounded to the nearest half percent to 5.5% in accordance with the CERL. As a result, each of the different tiers will receive their maximum COLA, with any overage banked for future use. Trustee Cooper asked if the COLA is funded to the maximum for each tier. Mr. Schmidt replied funding the COLA is not based on the maximum COLA, but the assumed growth rate of the COLA over the long term, which is less than the capped amounts of 2%, 3%, and 4%. Mr. Schmidt added that over the past ten years, all groups have not been receiving the maximum COLA. He also explained that the funding process provides that if the COLA is higher than the assumed rate, the resulting increase in the liability will be included in future contribution rates. He further stated that assuming all retirees would receive a maximum COLA every year could result in overfunding the COLA.

It was M/S Werby/Gladstern to affirm the Actuary's calculation of the annual Cost of Living Adjustment for retirees effective April 1, 2023. The motion was approved by a vote of 9-0 as follows:

AYES:	Cooper, Gladstern, Gullett, Klein, Martinovich, Murphy, Silberstein, Vasquez, Werby
NOES:	None
ABSTAIN:	None
ABSENT:	None

2. Actuarial Valuation Report as of June 30, 2022 (ACTION) – Cheiron, Graham Schmidt
Consider and take possible action to adopt Actuarial Valuation Report as of June 30, 2022

Mr. Schmidt presented the Actuarial Valuation Report as of June 30, 2022. He said this report includes information on the Plan's assets and liabilities, the funded status of the Plan, and the development of employer and employee contribution rates for the fiscal year beginning July 1, 2023. Mr. Schmidt reported the liability increased by about \$1 million from the preliminary results reported earlier due to minor data corrections, and contribution rates are close to the preliminary results. Net employer contribution rates are: MCERA as a whole, decreased from 27.61% to 26.91%; County of Marin and Special Districts, decreased from 22.35% to 21.83%; Novato Fire Protect District, increased from 43.01% to 44.27%; City of San Rafael, decreased from 58.91% to 56.76%.

Mr. Schmidt pointed out that total projected pensionable payroll for the Plan increased nearly 6%. Contribution rates were expected to decline from the prior year due to the phasing in of investment gains from the June 30, 2021 fiscal year. This was partially offset by this fiscal year's investment losses which will be phased in over a period of five years. He explained that the biggest factor causing the increase in the employer contribution rate for Novato was that payroll did not grow as fast as expected. For San Rafael the payroll base increased, resulting in a lower employer contribution rate.

The Unfunded Actuarial Liability (UAL) increased by \$460.5 million from the prior year due mainly to investment losses experienced for this Valuation date. Also contributing to the increase in the UAL were greater than expected salary increases from wage agreements for several County bargaining units.

Mr. Schmidt discussed forward looking projections of employer and employee contribution rates and the funded status of the Plan. These projections show that employer and employee contribution rates are expected to remain fairly stable for 10 years. After 2032, the bulk of the amortization payment for the UAL is paid off, leading to significantly lower employer contribution rates for each employer group. Projections of assets and liabilities for each employer group were presented based on all assumptions being met.

Mr. Schmidt stated the biggest risk to funding the Plan is the investment return. He pointed out that over the past ten years the UAL has decreased by approximately \$279 million, due primarily to investment gains and contributions that offset assumption changes that otherwise increased the UAL. He noted the previous fiscal year's investment gain was greater than the 2022 fiscal year's investment loss. A sensitivity analysis shows the present value of future benefits versus assets based on varying the expected return on assets 1% above and 1% below the current 6.75% assumed rate of return.

Mr. Schmidt said one measure of Plan maturity is the ratio of inactive members to active members. This Support Ratio has grown from approximately 1.4 in 2013 to nearly 1.7 in 2022, reflecting that for some time MCERA has had more retirees than active members. This increases the ratio of assets to payroll, resulting in more sensitivity of the Plan to investment returns.

For consideration at March Board meeting

In conclusion, Mr. Schmidt highlighted the Development of Amortization Payment table showing there are 8 years remaining in the amortization of the initial UAL. Once completed, contribution rates are expected to decline.

It was M/S Gladstern/Silberstein to adopt the Actuarial Valuation Report as of June 30, 2022 and employee and employer contribution rates therein to be effective on July 1, 2023. The motion was approved by a vote of 9-0 as follows:

AYES: Cooper, Gladstern, Gullett, Klein, Martinovich, Murphy, Silberstein, Vasquez, Werby

D. NEW BUSINESS

1. Election of Vacant Third General Member Position (ACTION)

Consider, discuss, and take possible action regarding timing of election for Third General Member

Mr. Wickman stated because the Third Member resigned effective January 3, 2023, MCERA's Bylaws require a Special Election to be held, in addition to the normal summer election for this position that expires October 31, 2023. Since this would involve running two elections back to back, staff is proposing to run a single election beginning this March. The election would follow Special Election guidelines in order to fill the position as soon as practicable to meet fiduciary obligations for Board composition. To accomplish this the Board must waive the related election provisions in the MCERA Bylaws to support the single election. The Administrator stated the provisions setting forth the stipulations for the proposed single election of the Third Member vacancy and term beginning November 1, 2023. Counsel consulted with Marin County on this proposal to ensure no issues were identified.

It was M/S Gladstern/Silberstein to "(1) to waive the date provisions in MCERA Board's Bylaws, Part VIII, Section 801, governing nomination and election dates for the Regular Election of the Third General Member for purpose of the 2023 election, (2) to consolidate that Regular Election with the Special Election triggered by a vacancy that occurred in January 2023 in the Third General Member position on the Board, and (3) to conduct the consolidated Special Election to fill both the vacancy and the three-year term of the Third General Member position in accordance with Bylaws, Part II, Section 201, and all other provisions Bylaws, Part VIII, Section 801." The motion was approved by a vote of 9-0 as follows:

AYES: Cooper, Gladstern, Gullett, Klein, Martinovich, Murphy, Silberstein, Vasquez, Werby

2. Form 700 Refresher – Nossaman, Ashley Dunning

Presentation on Updated Fair Political Practices Commission Form 700 and Related Rules

Ashley Dunning, Board Counsel, stated Form 700 requires most state and local government officials to disclose publicly their personal assets and income upon assuming office, annually, and upon leaving office. The Fair Political Practices Commission (FPPC) provides advice, implements compliance, and establishes gift limits every two

For consideration at March Board meeting

years. Disclosures include gross income from non-governmental sources and financial interests of spouse and children.

Non-reportable interests include insurance policies, government bonds and diversified mutual funds registered with the Securities and Exchange Commission (SEC). Business interests and real property may need to be reported. Rental income is reported according to a minimum amount.

The first of two \$590 gift limits is the ethics gift limit applying to gifts received in a calendar year from a single source. The second gift limit is the conflict of interest gift limit applicable to the 12 months prior to potential participation in a Board matter. Gifts include anything of value, such as tickets, flowers, meals and beverages, with some exceptions. Gifts of \$50 or more received from a single source during the preceding calendar year are reportable.

Ms. Dunning stated many gift exceptions do not apply to the “Little i’s” category; an example would be a banker who may want to provide services to MCERA. Gift exceptions include informational material to assist with Board duties, and gifts returned to the donor or donated to a qualified organization. Reciprocal exchanges are excluded from gift rules, unless related to a lobbyist. If the official is giving a speech at an event, receiving food or lodging are not considered gifts. Bereavement gifts and acts of human compassion are typically not reportable gifts.

In conclusion, Ms. Dunning advised that to keep within gift limits, officials may buy down, timely return, or refuse gifts. She provided a log to track gifts and resources for inquiries on the Form 700.

Mr. Wickman encouraged the trustees to determine whether a gift was received, and then determine whether exceptions apply. Ms. Dunning noted that trustees are always public officials, no matter the occasion. Dinners during conferences not listed on the agenda and sponsored by a group of investment managers are reportable depending on the cumulative value received from each source over the course of the calendar year. Meals provided by the event sponsor, so long as MCERA has paid an amount sufficient to the sponsor to cover the meals provided to attendees at the conference, are not reportable gifts.

Chair Murphy recessed Open Session and reconvened the meeting in Closed Session at 10:36 a.m. At 11:26 a.m. the Chair recessed Closed Session and reconvened the meeting in Open Session.

3. Public Employee Performance Evaluation (CLOSED SESSION)

In accordance with MCERA’s Retirement Administrator Annual Performance Evaluation Policy, Section 3(b), conduct informal mid-year performance review

Chair Murphy reported there was no reportable action for this agenda item.

For consideration at March Board meeting
