AGENDA

FINANCE AND RISK MANAGEMENT COMMITTEE MARIN COUNTY EMPLOYEES' RETIREMENT ASSOCIATION (MCERA)

One McInnis Parkway, 1st Floor Retirement Board Chambers San Rafael, CA

November 16, 2022 – 9:00 a.m.

This meeting will be held via videoconference pursuant to MCERA Board of Retirement Resolution 2021-22/01, which invoked Government Code section 54953(e) for all MCERA Board and standing committee meetings through December 2, 2022.

Instructions for watching the meeting and/or providing public comment, as well as the links for access, are available on the <u>Watch & Attend Meetings</u> page of MCERA's website. Please visit https://www.mcera.org/retirementboard/agendas-minutes/watchmeetings for more information.

The Board of Retirement encourages a respectful presentation of public views to the Committee. The Committee, staff and public are expected to be polite and courteous, and refrain from questioning the character or motives of others. Please help create an atmosphere of respect during Committee meetings.

CALL TO ORDER

ROLL CALL

MINUTES

August 17, 2022 Finance and Risk Management Committee meeting

A. OPEN TIME FOR PUBLIC EXPRESSION

Note: The public may also address the Board regarding any agenda item when the Board considers the item.

Open time for public expression, from three to five minutes per speaker, on items not on the Board Agenda. While members of the public are welcome to address the Board during this time on matters within the Board's jurisdiction, except as otherwise permitted by the Ralph M. Brown Act (Government Code Sections 54950 et seq.), no deliberation or action may be taken by the Board concerning a non-agenda item. Members of the Board may (1) briefly respond to statements made or questions posed by persons addressing the Board, (2) ask a question for clarification, or (3) provide a reference to staff for factual information.

B. NEW BUSINESS

- 1. <u>Administrative Budget Fiscal Year 2022/23 Quarterly Review</u>
 Consider and review expenses for the quarter and ending September 30, 2022
- 2. Non-budgeted Expenses

Consider and review non-budgeted expenses for the quarter

3. Quarterly Checklist

Consider, review and updates on the following:

- a. Other expenses per Checklist Guidelines
- b. Variances in the MCERA administrative budget in excess of 10%
- c. MCERA educational and event-related expenses
- d. Continuing Trustee Education Log
- e. Internal controls, compliance activities and capital calls
- f. Vendor services provided to MCERA
- g. MCERA staffing status
- h. Audits, examinations, investigations or inquiries from governmental agencies
- i. Other items from the Administrator related to risk and finance Outsourced Chief Information Security Officer (ACTION)
- 4. Annual Audit of Financial Statements Update Update on annual audit process
- 5. Future Meetings

Consider and discuss agenda items for future meetings

Note on Process: Items designated for information are appropriate for Committee action if the Committee wishes to take action. Any agenda item from a properly noticed Committee meeting held prior to this Committee meeting may be considered by the Committee.

Agenda material is provided upon request. Requests may be submitted by email to MCERABoard@marincounty.org, or by phone at (415) 473-6147.

MCERA is committed to assuring that its public meetings are accessible to persons with disabilities. If you are a person with a disability and require an accommodation to participate in a

County program, service, or activity, requests may be made by calling (415) 473-4381 (Voice), Dial 711 for CA Relay, or by email at least five business days in advance of the event. We will do our best to fulfill requests received with less than five business days' notice. Copies of documents are available in alternative formats upon request.

The agenda is available on the Internet at http://www.mcera.org.

It was M/S Werby/Martinovich to approve the May 25, 2022 Finance and Risk Management Committee Meeting Minutes as submitted. The motion was approved by a vote of 4-0 as follows:

AYES: Klein, Martinovich, Murphy, Werby

NOES: None ABSTAIN: None ABSENT: None

A. OPEN TIME FOR PUBLIC EXPRESSION

Note: The public may also address the Board regarding any agenda item when the Board considers the item.

Open time for public expression, from three to five minutes per speaker, on items not on the Board Agenda. While members of the public are welcome to address the Board during this time on matters within the Board's jurisdiction, except as otherwise permitted by the Ralph M. Brown Act (Government Code Sections 54950 et seq.), no deliberation or action may be taken by the Board concerning a non-agenda item. Members of the Board may (1) briefly

respond to statements made or questions posed by persons addressing the Board, (2) ask a question for clarification, or (3) provide a reference to staff for factual information.

No members of the public provided comment.

B. NEW BUSINESS

1. <u>Administrative Budget Fiscal Year 2021/22 Fiscal Year Review</u>
Consider and review expenses for the quarter and fiscal year ending June 30, 2022

Retirement Administrator Jeff Wickman reported on administrative expenses. For the quarter ending June 30, 2022, Salaries and Benefits were 26.2% of the annual budgeted amount due to one extra pay period and overtime. In Services and Supplies bank charges were higher during the quarter due to the timing of billing. Document reproduction costs were higher due to mailing the annual cost of living adjustment (COLA) letter to retirees. Services and Supplies overall were 20.5% of the budgeted amount for the year. Total administrative expenditures were 22.7% for the quarter ending June 30, 2022.

For the fiscal year, Salaries and Benefits were 83% of the budgeted amount due to vacancy savings during the year. In Services and Supplies bank charges were higher than the budgeted amount, and all insurance premiums rose during the year. Higher document reproduction costs revolved around disability-related medical examinations, which Mr. Wickman pointed out are the most challenging to budget. Ergonomic assessments and supplies to support remote work resulted in costs well over the budgeted amount. Nevertheless, overall Services and Supplies were 100% of the budgeted amount, and total Administrative Expenditures were 88% of the budgeted amount for the fiscal year.

Trustee Werby inquired if COLA letters could be emailed to retirees to save costs. Mr. Wickman replied this could be done. Assistant Retirement Administrator Michelle Hardesty confirmed this, noting that retirees without email addresses could receive the letters by mail.

2. Non-budgeted Expenses

Consider and review non-budgeted expenses for the quarter

Reporting on non-budgeted expenses, Mr. Wickman noted retiree payroll was higher in the month of April due to new retirees, the cost of living adjustment (COLA) and retroactive disability retirement benefit payments. Nossaman fees for the quarter outside of general counsel work were due to specialists working on leasing activity and insurance policies.

For the fiscal year, the increase in retiree expenses in the 4th quarter is due to adding the COLA to retiree payroll and having the largest number of new retirees in that period. Legal fees included investment-related work on new commitments made during the year, and on side letters modifications.

3. Quarterly Checklist

Consider, review and updates on the following:

a. MCERA educational and event-related expenses

In educational and event-related expenses, trustees attended the Spring SACRS Conference and there was one payment for the 2021 SACRS conference. Total educational and event expenses for the fiscal year were \$10,727.

b. Continuing Trustee Education Log

Trustees have achieved the 24 hours of education due in 2022 and many have done so for 2023.

c. Other expenses per Checklist Guidelines

Mr. Wickman presented the credit card summary, explaining that GMEI is an organization administering the local entity identifier required by investment managers that MCERA must renew each year. Other expenditures are normal office supplies and the Zoom expense for holding remote meetings.

d. Variances in the MCERA administrative budget in excess of 10%

See discussion above.

e. Vendor services provided to MCERA

No new vendor services.

f. MCERA staffing status

MCERA is now fully staffed with no vacant positions.

g. Internal controls, compliance activities and capital calls

The Administrator reported on capital flows for the Fund. In the private equity program for the Abbott portfolio there was one small capital call and no distributions during the quarter. For the fiscal year MCERA paid in over \$7.5 million in capital calls to Abbott and received over \$41 million in distributions. These distributions fund new capital calls and other cash needs. For the Pathway portfolio the oldest fund had minor capital calls during the quarter and significant distributions. Other Pathway funds paid distributions in the quarter, and newer Pathway funds had capital calls in period. For the fiscal year, MCERA paid Pathway \$12.1 million in capital calls and received \$45.9 million in distributions. For the private equity program as a whole, MCERA paid \$19.6 million in capital calls and received over \$87 million in distributions for the fiscal year.

Credit managers are in the funding phase. There was no activity during the quarter in the CarVal portfolio, and Fortress called \$665 thousand in capital during the quarter. Varde is the most active portfolio with over \$7 million in capital calls in the quarter. For the Opportunistic portfolio MCERA paid \$24.2 in capital calls for the fiscal year and has \$56.7 million in uncalled capital remaining.

The Administrator reported that since June 30, 2022 MCERA has received \$3.3 million in additional distributions from Abbott and Pathway private equity managers and paid \$3.1 million in capital calls.

Mr. Wickman reported portfolios out of target ranges were rebalanced by moving \$10 million from the Invesco commodities portfolio and redistributing \$6 million to the BlackRock TIPS portfolio and \$4 million to the BlackRock REIT portfolio. He also reported MCERA received the \$20 million redemption it requested from UBS.

- h. Audits, examinations, investigations or inquiries from governmental agencies
 Nothing to report.
- i. Other items from the Administrator related to risk and finance

Mr. Wickman referenced a confidential memo from the Board Counsel.

In response to a request by the Committee, Mr. Wickman presented the administrative budgets of County Employees Retirement Law of 1937 (CERL) systems, the percentage of the actuarial accrued liability, and the actuarial accrued liability. He said one takeaway is that the larger the actuarial accrued liability, the more likely it is for the budget to be a smaller percentage of the actuarial accrued liability. The Administrator also observed that complexity is a factor in the size of the administrative cap and annual budget, noting that MCERA had a larger budget and administrative cap amount than some systems who were similar to MCERA in terms of the number of members. Ms. Dunning added that complexity also can be driven by the number of participating employers in the Plan. Trustee Werby asked if our owning the building makes a difference in the administrative budget from peer systems and Mr. Wickman replied he did not think that was a factor because many CERL systems own their buildings.

4. Annual Audit of Financial Statements Update

Update on annual audit process

The Administrator reported that the Audit Committee met in early August and was introduced to a new auditing partner who is experienced in working with other CERL systems. The annual audit is slightly behind schedule and auditors are currently conducting participant testing. Anya Bakerink, Chief Financial Officer, is getting up to speed on the annual audit and accounting department processes and procedures.

5. Future Meetings

Consider and discuss agenda items for future meetings

The Chair invited comments on topics for future meetings.

There being no further business, Chair Murphy adjourned the meeting at 9:42 a.m.

November 10, 2022

To: Finance and Risk Management Committee

Marin County Employees' Retirement Association (MCERA)

From: Jeff Wickman 1 ~

Retirement Administrator

Subject: Outsourced Chief Information Security Officer (CISO)

Background

In May 2019, the Committee authorized the Retirement Administrator to engage a firm to conduct a Cybersecurity Risk Assessment on business systems and facilities that supported MCERA's operations. In July 2019 MCERA engaged Linea Secure to conduct the risk assessment.

Linea Secure presented their Cybersecurity Risk Assessment report to the Finance and Risk Management Committee in August 2020 in Closed Session. The report identified five high priority items that were immediately addressed by MCERA in addition to 28 medium priority items that were recommended for action. The medium priority items focused on having proper controls in place to manage security. At the Committee's request Linea Secure developed a priority order for items that should be addressed from the assessment.

In November 2020, the Committee authorized the Retirement Administrator to engage Linea Secure to assist with implementing the recommendations from the risk assessment, creation of an Incident Response Plan and a System Security Plan based on National Institute of Standards and Technology (NIST) standards.

Initial Assessment

The following services were completed during the initial cybersecurity assessment:

- Risk Assessment
- Penetration testing
- Code Review

Remediation Services

These services were performed to address the vulnerabilities that were uncovered:

- Development of cybersecurity policies specific to MCERA's business operations
- Development of an Incident Response Plan to manage cybersecurity events that occur
- Development of a System Security Plan for the CPAS pension administration system

To stay current on cybersecurity MCERA should consider conducting the following activities on an annual basis:

- Continuous Security Scanning of MCERA's technology environment
- Maintenance of the Security Assessment Report updated to reflect evolving vulnerabilities
- Maintenance and testing of the Incident Response Plan
- 3rd Party Security Reviews to ensure that key vendors implement and maintain protections that are required to safeguard the confidentiality of MCERA's information

Recommendation

Linea Secure has prepared a statement of work (attached) for providing MCERA with a Chief Information Security Officer (CISO) as an outsourced service. Linea Secure would conduct the assessments listed above which would help alleviate potential resources conflicts if MCERA's staff were to be required to conduct these activities. Conducting these assessments involves work with internal staff, Marin County Information Technology Services, and key third-party vendors such as Avenu, and staff believes that having an expert third party working with them will expedite the assessments and help address issues that may be beyond the expertise of our team.

It is staff's recommendation that the Committee direct the Retirement Administrator to develop and enter into an agreement with Linea Secure to provide outsourced CISO services for MCERA using the authority to enter into agreements delegated to him by the Board. If MCERA moves to provide a portal into its pension administration system, where members and retirees can access and potentially update specific data elements, having access to a CISO will be critical for addressing and managing the risks associated with adding this service.

lineasecure.com

Chief Information Security Officer as a Service

1 SCOPE DEFINITION

This Statement of Work outlines Linea Secure's proposed scope of services in support of Marin County Employees' Retirement Associations' fiduciary responsibilities for securing and protecting the confidentiality, integrity, and availability of member records and the protection of business processes that could be fraudulently compromised.

1.1 Background

Marin County Employees' Retirement Association (MCERA) requires the expertise of a cybersecurity consulting firm to assist them in implementing and assessing cybersecurity controls that MCERA has adopted to improve the security and reduce the risks to systems managed by the association. MCERA has decided to follow the National Institute of Standards and Technology (NIST) Cyber Security Framework, and more specifically the 800-53 Rev. 4 cybersecurity controls for a moderate classification for the systems in operation.

MCERA also engaged Linea Secure to mitigate security risks identified during the cybersecurity assessment of the organization, develop an Incident Response Plan, and to develop a System Security Plan for the CPAS system.

The cost is a subscription to the service at the beginning of the execution period. It also provides for any consultant that Linea Secure will utilize that possess the expertise to provide the required services to MCERA.

1.2 Chief Information Security Officer (CISO) as a Service

Linea provides CISO as a Service to help our clients achieve and maintain a level of cybersecurity compliance and capabilities that they are unable to attain on their own. CISO as a Service provides MCERA with a broad array of cybersecurity services that should normally be performed during a standard cybersecurity maintenance cycle.

1.3 Tasks Performed Under CISO as a Service

Linea will apply a pension fund-based approach to cybersecurity to examine the business processes at MCERA to uncover risks and vulnerabilities that should be addressed. Linea Secure's deliverables for the CISO as a Service offering will be a suite of tasks and services conducted in the sections below:

1.3.1 Security Scanning

Linea will perform internal security scans and testing of the internal MCERA network to identify vulnerabilities that may exist in the technology elements that remain on premise.

lineasecure.com

1.3.2 Security Assessment Report (SAR)

We will produce an internal security assessment report that will detail cybersecurity vulnerabilities that may affect MCERA, the severity of the vulnerabilities, and steps to mitigate them.

1.3.3 Maintenance and Testing of Incidence Response Plan

Linea will assist with the implementation, review, and update the MCERA Incident Response Plan that was developed previously and perform testing of the plan with MCERA staff.

1.3.4 Maintenance and Testing of System Security Plans

Linea will review, update, and maintain the System Security Plan that were developed for the CPAS system. We will review and update Avenu's security position including their SOC and security reports.

1.3.5 3rd Party Security Reviews

Linea will assess the security controls used by third party suppliers or supply chain vendors such as the actuary or investment managers that manage assets on MCERA behalf. Linea will create a security questionnaire for MCERA to provide to supply chain vendors to complete, review the responses and report our review to MCERA management.

1.3.6 Security Awareness and Training

Linea will design, create, and execute a security awareness and training program for MCERA staff. Linea will conduct at least 1 annual training event for all staff and contractors with access to MCERA systems. Linea will conduct monthly internal phishing campaigns on MCERA staff to continually educate on attempts to compromise their accounts and provide automated follow up training to those that require it.

1.3.7 Detailed Cyberscore

Based on the information generated from the tasks above, Linea will create a Cyberscore for MCERA that will be comprised of the security elements and controls used, the results obtained, and threats uncovered and mitigated. The score will range from 350 – 850 reflecting MCERA cybersecurity compliance and maturity.

lineasecure.com

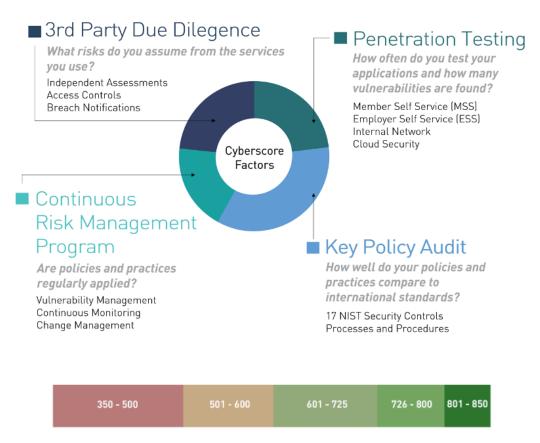

Figure 1 Cyberscore Components

2 PROPOSED APPROACH

Linea proposes to assign one Executive Principal Cybersecurity Consultant, one Senior Cybersecurity Consultant, and one Cybersecurity Associate to the Cybersecurity CISO as a Service engagement. Linea Secure has multiple, experienced, and qualified staff that can perform these services and the specific staff assigned will be determined at a later date in conjunction with MCERA. Other consultants with particular areas of specialty will be brought in when needed. This work will be performed on a schedule agreed to by the parties, along the timelines outlined in the following section.

3 SERVICE EXPECTATIONS

3.1 Resource Requirements and Timeline

Linea Secure is made up of a team of cybersecurity consultants that are experts in both cybersecurity and pension fund operations. As such, we expect to draw from various resources on our staff as needed. For the Client effort in this Statement of Work, Linea Secure intends to assign the three key consultants prior to the commencement of this work and intends to use

4551 Glencoe Ave, Ste 140 — Marina del Rey, CA 90292 **T** 310.331.8133 - **F** 310.807.4356

lineasecure.com

those same consultants throughout the duration of the Statement of Work, unless for reasons outside of Linea Secure's control.

The timeline of the work will take the following form, with start date and exact timelines to be determined and agreed to by the parties.

3.1.1 CISO as a Service

- Kickoff week, consisting of meetings and activities including:
 - Service kickoff and scoping session
 - Information gathering and document review
 - Scheduling of recurring meetings
- The week following the kickoff (or closely thereafter), Linea Secure will install security scanning software on the MCERA network and perform a review of current cybersecurity efforts
- Approximately two weeks after the scanning software is installed Linea will review results with MCERA
- Approximately 1-2 weeks after reviewing the scanning software results Linea will develop and present a plan to MCERA for the sequencing of the remaining tasks

3.2 Key Assumptions

Linea Secure will require the following to meet the Client's expectations:

- Client subject matter experts are available to meet on the phone or through video conference on relative short notice, as needed, and are willing to reasonably cooperate with any questions or requests made
- 2. The work is expected to be done remotely by Linea Secure consultants, utilizing video conferencing and secure document sharing capabilities
- 3. Client subject matter experts are expected to have equipment capable of participating in video conferences and viewing documents
- 4. Project Sponsors and any staff assigned to this project that will be approving deliverables will be able to review and accept the deliverable in timely fashion
- Deliverables will be submitted first in draft form. Prior to submission of the initial drafts, Linea Secure will review an outline or framework of the deliverables to ensure greater alignment of expectations. Deliverables will then go through no more than 2 more drafts before being delivered as approved.

4551 Glencoe Ave, Ste 140 — Marina del Rey, CA 90292 **T** 310.331.8133 - **F** 310.807.4356

lineasecure.com

4. Linea Secure's Cost

Total annual compensation under this Statement of Work is \$50,000¹ unless modified by a written and approved amendment to this Statement of Work. The cost proposed includes travel to MCERA headquarters if required, but at this time it is expected that most of the services required to be performed in this proposal will be accomplished remotely.

¹ Cost does not include other applicable taxes.

B.4 Annual Audit of Financial Statements Update This is a discussion with no backup.

B.5 Future Meetings

This is a discussion with no backup.
